Depuis pr s de 80 ans, plus de 25 millions d'enfants ont grandi avec nos porteurs, dont notre embl matique tracteur   p dales pr sent  en version  co-con ue.

Falk was selected to take part in the Grande Exposition du Fabriqu  en France, held on November 15 and 16 at the  lys e Palace. For our family-owned SME, this invitation represented a rare and meaningful recognition. Faithful to its roots in Oyonnax since 1947 and to its commitment to French manufacturing, Falk showcased a vision of toys combining active play, sustainability, and industrial know-how. For nearly 80 years, over 25 million children have grown up with our ride-on toys, including our iconic pedal tractor, presented in an eco-designed version. This distinction has honored decades of passion and dedication to responsible, French-made toys.

MIEUX GRANDIR GROWING UP BETTER

FALK ACCOMPAGNE VOTRE ENFANT DANS LE DÉVE- LOPPEMENT DE SES NOUVELLES CAPACITÉS TOUT EN S'AMUSANT !

FALK SUPPORTS YOUR CHILD IN DEVELO- PING HIS NEW ABILITIES WHILE HAVING FUN!

Au cours de ses 3 premières années, l'enfant va développer ses capacités psychomotrices. Marcher, courir, pousser, pédaler sont des activités qui vont permettre à votre enfant de développer sa motricité globale, pré-requis fondamental pour le développement de la psychomotricité fine et plus tard pour l'apprentissage scolaire.

During their first 3 years, children will develop their psychomotor abilities. Walking, running, pushing, pedalling are activities that will allow your child to develop his gross motor skills, a stepstone for the development of fine psychomotricity and later for learning at school.

DES VÉHICULES COMME LES VRAIS POUR SE METTRE EN SCÈNE DANS LE MONDE DES GRANDS !

Progressivement, imiter permet à votre enfant de reproduire ce qu'il voit, développer sa capacité à symboliser et s'incarner dans une représentation sociale. Faire comme les grands pour devenir grand.

VEHICLES LIKE THE REAL ONES TO TAKE STEPS IN THE ADULTS WORLD !

Gradually, role play allows your child to re-produce what they see, develop their ability to symbolize and incarnate in a social representation. Do as «the older ones» do, to grow up.

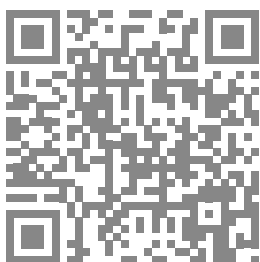

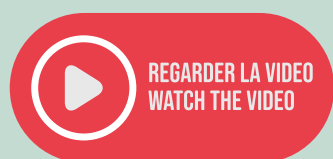

DES VÉHICULES SANS BATTERIES, POUR LA PLANÈTE ET LEUR SANTÉ.

Un choix éthique, pour leur santé, parce que nous pensons que l'enfance est faite pour se dépenser, courir, pédaler, sauter dans les flaques, se salir et se construire des souvenirs impérissables en étant acteur de son propre jeu.

Un choix pour la planète également, car la nature est un terrain de jeu magnifique, autant la préserver en limitant notre impact écologique. Pour toutes ces raisons, nous avons fait le choix de ne pas avoir recours à l'usage de batteries pour nos jouets.

VEHICLES WITHOUT BATTERIES, FOR THE PLANET AND THEIR HEALTH..

An ethical choice, for children's health, because we believe that childhood is made for being active, running, pedalling, jumping in puddles and getting dirty so that children build lifelong memories whilst playing. A choice for the planet too, as nature is a magnificent playground, which we can help to preserve by limiting our environmental impact. For all these reasons, we have chosen not to use any batteries in our toys.

Il faudra attendre 1932 pour que les roues de tracteurs soient équipées de pneus ! Avant ça les roues étaient intégralement en taule.

It was not until 1932 that tractor wheels were equipped with tires! Before that, the wheels were made entirely of steel.

Massey Ferguson ... en route pour l'Antarctique !
En 1957, Sir Edmund Hillary et son équipe participent à la première expédition vers l'Antarctique. Un voyage de 3 mois vers le pôle Sud à bord des célèbres tracteurs TE20. Le 4 janvier 1958, ils atteignent leur destination après avoir parcouru plus de 2000 km dans la neige, la glace, les crevasses et le blizzard pour être les premiers véhicules à se rendre au pôle Sud !

Massey Ferguson ... off to Antarctica!
In 1957, Sir Edmund Hillary and his team took part in the first expedition to Antarctica. A 3 month journey to the South Pole on board the famous TE20 tractors. On January 4, 1958, they reached their destination after driving more than 2,000 km through snow, ice, crevasses and blizzards to be the first vehicles to reach the South Pole!

Les tracteurs Valtra d'aujourd'hui combinent l'héritage du finlandais Valmet et du suédois Volvo BM. Le précurseur de tous les tracteurs Valtra a été dévoilé il y a plus de cent ans, en 1913, quand Munktell a lancé le modèle 30-40. Les racines de la société remontent à 1832 en Suède et à 1951 en Finlande.

Today's Valtra tractors combine the heritage of Finland's Valmet and Sweden's Volvo BM. The forerunner of all Valtra tractors was unveiled more than 100 years ago, in 1913, when Munktell introduced the 30-40 model. The company's roots go back to 1832 in Sweden and 1951 in Finland.

LE SAIS-TU?
DO YOU KNOW?

Pour construire une maison, il faut tout d'abord creuser un énorme trou. C'est le travail du tractopelle qui extrait la terre avec son excavatrice arrière puis la déplace avec son chargeur avant.

To build a house, you first have to dig a huge hole. It is the work of the backhoe loader that pulls the soil with its back excavator and then moves it with its front loader.
